A transformation in our relationship with plastic

1

Eliminate all problematic and unnecessary plastic items.

2

Innovate to ensure that the plastics we do need are reusable, recyclable, or compostable.

- Chilean Plastics Pact
- Reusable bottles in all retailers
- Recyclability eco-labeling
- Compostable plastics for delivery

3

Circulate all the plastic items we use to keep them in the economy and out of the environment.

- EPR for packaging
- Recycled content in bottles
