Subject: Invitation to submit information specified in Annex E of the Stockholm Convention to the POPs Review Committee on Endosulfan, dated 24 October 2008

Dear Ms. Fatoumata Keita Ouane,

Regarding the invitation to submit information related to Risk profile for Endosulfan, Croatian experts would like to inform you that Croatia has not been using Endosulfan and products based on Endosulfan since 01 July 2007.

Since production and sales of Endosulfan and its products are prohibited in Croatia from the above mentioned date, and there is no raw material of Endosulfan on stock, it is not necessary to prepare the Risk profile. Therefore we are not able to complete the attached form.

Yours faithfully,

Dr. Nikola Ruzinski
State Secretary
