

## Format for submitting pursuant to Article 8 of the Stockholm Convention the information specified in Annex E of the Convention

Introductory information	
Name of the submitting Party/observer	Republic of Mauritius
Contact details (name, telephone, e-mail) of the submitting Party/observer	<p>Mr. Aslam Yadallee</p> <p><b>Address</b> 5<sup>th</sup> Floor, Ken Lee Tower Barracks Street, Port Louis Port Louis Mauritius</p> <p><b>Telephone no:</b> (230) 208 7866                      <b>Fax no:</b> (230) 211 1951 <b>E-mail:</b> <a href="mailto:envlaw@intnet.mu">envlaw@intnet.mu</a></p>
Chemical name (as used by the POPS Review Committee (POPRC))	Lindane
Date of submission	27. 01. 2006

(a) Sources, including as appropriate (provide summary information and relevant references)	
(i) Production data:	Nil
<b>Quantity</b>	Nil
<b>Location</b>	Nil
<b>Other</b>	Nil
(ii) Uses	<p>Lindane is listed as a prohibited agricultural chemical in the Dangerous Chemical Control Act, which is the national legislation for the management of chemicals in Mauritius. The law provides that no person shall import, manufacture, use or possess Lindane.</p> <p>It is to be note that Hexachlorocyclohexane (mixed isomers) are also prohibited by our law.</p> <p>There is no evidence that Lindale has been used in the past.</p>
(iii) Releases:	Nil
<b>Discharges</b>	Nil
<b>Losses</b>	Nil
<b>Emissions</b>	Nil
<b>Other</b>	Nil

(b) Hazard assessment for endpoints of concern, including consideration of toxicological interactions involving multiple chemicals (provide summary information and relevant references)

No data available

(c) Environmental fate (provide summary information and relevant references)	
<b>Chemical/physical properties</b>	No information available
<b>Persistence</b>	No information available
<b>How are chemical/physical properties and persistence linked to environmental transport, transfer within and between environmental compartments, degradation and transformation to other chemicals?</b>	No data available
<b>Bio-concentration or bio-accumulation factor, based on measured values (unless monitoring data are judged to meet this need)</b>	No data available

(d) Monitoring data (provide summary information and relevant references)	
No data available	

(e) Exposure in local areas (provide summary information and relevant references)	
- general	No information available
- as a result of long-range	No information available

---

environmental transport - information regarding bio-availability	No information available
--	--------------------------

<b>(f) National and international risk evaluations, assessments or profiles and labelling information and hazard classifications, as available (provide summary information and relevant references)</b>
No information available

<b>(g) Status of the chemical under international conventions</b>
No information available
